CEREC

Dentsply
Sirona

**Buy a Primescan and Primemill
and get a Speedfire Furnace FREE
worth €9,990 ex VAT**

The CEREC SpeedFire combines the sintering, crystallizing, and finalizing (staining and glazing) processes in one device.

It is the smallest and fastest sintering furnace available, and typically sinters a crown within 13 to 15 minutes* meaning you can take advantage of the benefits of full-contour zirconium oxide during chairside treatments.

*CEREC Zirconia (depending on material type and restoration thickness)
